NOTES:

Requirements

Submit requirements **within 30 days of installation** send completed form and required Photos to: Warranties@garagecoatings.com

A warranty processing fee of \$100 or 1% of invoice, whichever is greater, is required for all warranty submissions. One warranty per certificate document required. All warranty submissions must be approved by the Technical Director.

An official warranty will be issued after payment and registration form has been received and processed.

Product replacement under the Warranty does not constitute an extension of the original warranty period for the original installation or any specific component or part thereof.
